LEARN-TO-SWIM REPORT

JANUARY - SEPTEMBER 2022

No More Under is increasing equitable access to swimming lessons by removing the financial barrier of learning to swim.

OUR LEARN-TO-SWIM PROGRAMS

No More Under orchestrates connections to support underserved families through learn-to-swim programs. We are not a swim school, rather, we connect those needing to learn to swim with organizations who provide swimming lessons. With support from donors and partners, No More Under is able to cover the costs of the lessons including swimming materials and transportation, to ensure financial barriers are removed for participants.

PROGRAM MISSION

No More Under is reducing the financial barriers to support equitable access to swimming lessons. Everyone deserves to safely enjoy the wonders of the water.

COMPLETED PROGRAMS

Thanks to a generous donations from the Harnish Family Foundation and individual donors, we have supported four learn-to-swim programs. We have worked with community organizations [Bellwether Housing](#) and [Treehouse](#) to support their communities in accessing swimming lessons. We're partnered with swimming lesson providers including [Waterbabies](#), [Rainier Beach Pool](#), [Seattle Parks and Rec](#), [Tankproof](#), [Tukwila Pool](#), and the Greater [Seattle YMCA](#).

Waterbabies: 10 week, 25 minute lesson once-per-week program

Seattle Parks and Rec and Tankproof: 5 consecutive days, 40 minute lesson per day, program

Seattle YMCA: 8 week, 40 minute lesson once-per-week program

Tukwila Pool: 4-day program, 40 minutes per day

PARTICIPATION IN FORMAL SWIM LESSONS CAN REDUCE THE LIKELIHOOD OF CHILDHOOD DROWNING DEATH BY 88%.

THE DATA

Below, we outline the information that we've gathered from our four swimming programs. We will continue to collect data and develop additional metrics to ensure we are providing the best services to the families we support.

CHILDREN SUPPORTED:

Waterbabies: 14 swimmers

Rainier Beach Pool + Tankproof: 44 swimmers

YMCA of Greater Seattle: 49 swimmers

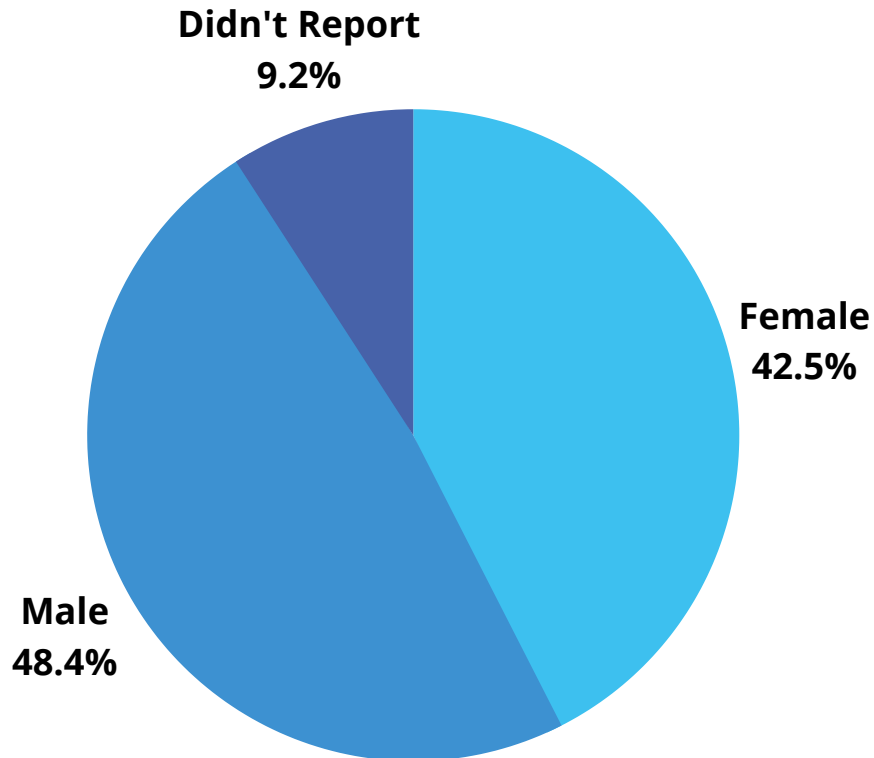

Tukwila: 46 swimmers

TOTAL SWIMMERS: 153

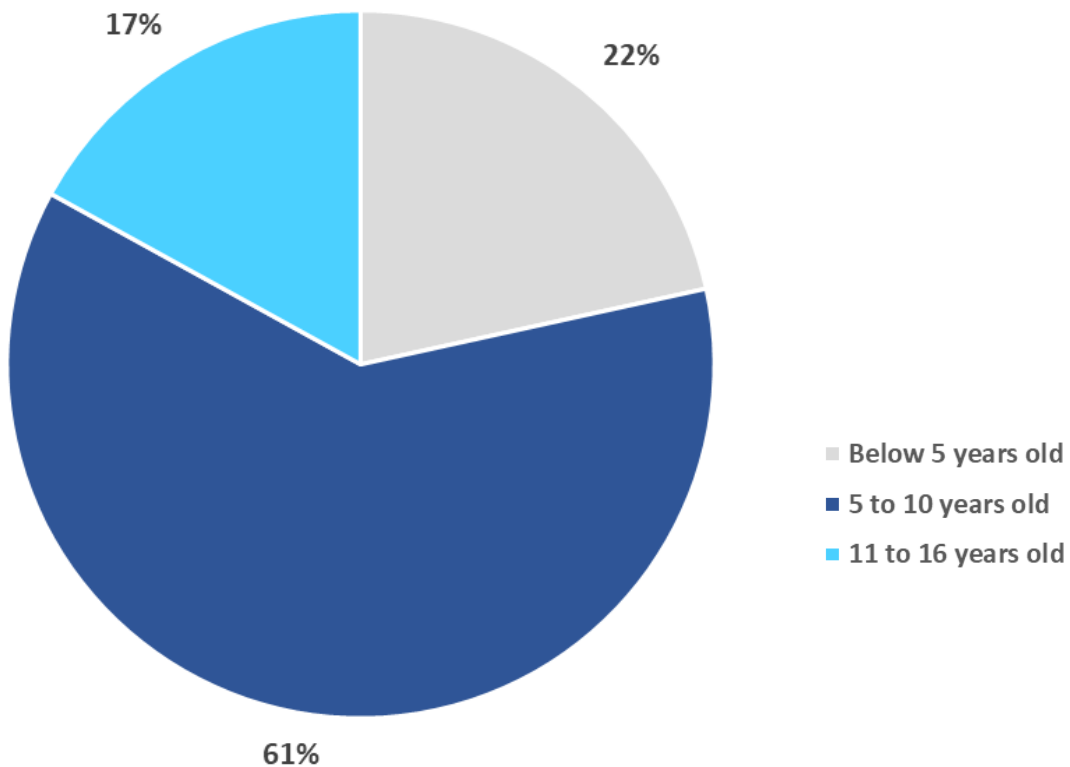

(January - September 2022)

DEMOGRAPHICS OF PARTICIPANTS

GENDER:

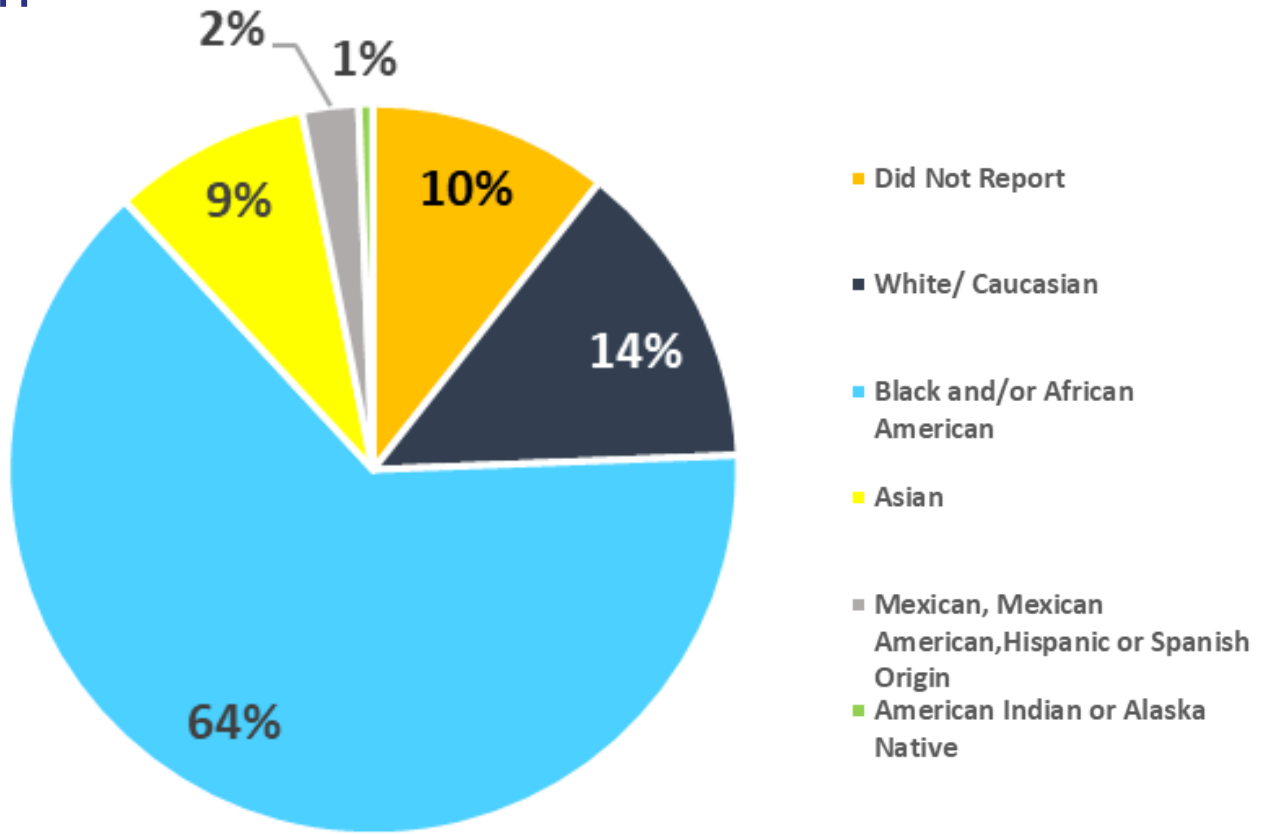

AGE (IN YEARS):

NO MORE UNDER

*The demographics are as reported by the parents/guardians of the participants

ETHNICITY

COSTS

	Cost Per Swimmer	Total Cost
Waterbabies	\$400	\$7,230
Rainier Beach + Tankproof	\$285	\$11,400
YMCA	\$300	\$15,000
Tukwila	\$75	\$3,600

COST BREAKDOWN

Costs involved with participating in swimming lessons extend beyond the direct costs of the lessons. With our goal being to remove the financial barrier for underserved families, we challenge ourselves to address all costs, direct and indirect, associated with swimming. With support from partners, we ensure families are supported with free swimming lesson materials (swim suits, goggles, caps), transport support (fuel cards or public transport vouchers), and swimming lessons. The costs above are total costs.

NEXT STEPS

Our goal is to support 215 children through lessons before the end of 2022. We are working to expand our impact to Bellevue, WA, and we're also building new partnerships with organizations who are well connected in the community.

We will continue to utilize information from our four programs to expand and replicate the learn-to-swim lessons to benefit many more community members.
